# Gobles Public Schools

Jeffery N. Rehlander, Superintendent  
jrehlander@gobles.org

Dear Gobles Public School Families:

## **Due to a program from the United States Department of Agriculture we can offer All of Gobles Public Schools K - 12 free breakfast and lunch this school year 2020 - 2021.**

We are hoping that all student families will take advantage of this opportunity, the more participants we have in the meal program will allow us the ability to continue this program in the future. Gobles Public School students do not need to complete a free/reduced lunch application this school year, however, to help with funding other school programs a household survey will be sent home and need to be completed by families

We will be offering breakfast at the start of each school day to students. Elementary students will receive breakfast in the classroom and middle/high school students can get breakfast at the start of the school day and bring it to their classroom. **All breakfast is free for all students at Gobles Public Schools.**

### **Gobles Remote Learning Students**

All remote learning students will have an opportunity to order a sack breakfast and hot lunch daily from Gobles Public Schools. Students will need to go to the [www.gobles.org](http://www.gobles.org), under district tab you can click on departments and go to foodservice page. The top of the food service page will have a link for ordering remote learning lunches and breakfast. **All meal orders must be placed by 9am of the day students are going to be picking the meal up from school.** You will be able to place an order for the week or a specific day. The order form will be updated every weekend for the following week.

**All Gobles Remote Learning Students will pick up meals Monday – Friday from 10:00am – 10:30am. Meals will be picked up at the High School Gymnasium entrance.**

Meals can be picked up by a parent or student. Only students who attend Gobles Public School Districts will be allowed to receive a breakfast and lunch. This is per USDA guidelines.

Please help support Gobles Public Schools Food Service Department this school year. We are doing everything we can to provide meals to your students in a clean and safe environment. If our program is successful, then we do not need to use school funds to support food service leaving that money available to better educate your students.

**Again, to help with funding other school program please complete a household survey for your students. Only one survey per household will need to be completed and these will be sent home at the start of the school year.**

Sincerely,

Eric Meloche  
Food Service Director
